Sooner or Later

Jimmy Cliff

It's getting to the point
Where I can't hang around no more
It's getting to the point
Really have to open up the doorTimes are changing
You better use your sense
Use what you've got
From coincidence, hear me nowSooner or later you're gonna have to stand up tall
Sooner or later when your backs against that wall
Sooner or later you'll have to be the one you are
And you just might find that you're out of time and it's just too lateOh, hear me now, hear me now, hear me
nowHeavy burden gets you down
And pressure is all around
Sit around and hesitate
Say you're waiting for a lucky breakLife's for living
Better use your sense
Use what you've got
From coincidence, hear me nowSooner or later you're gonna have to stand up tall
Sooner or later when your backs against that wall
Sooner or later you'll have to be the one you are
Or you just might find that you're out of time and it's just too lateOh, hear me now, hear me, oh, hear meHeavy
burden gets you down
Pressure is all around
You sit around and hesitate
Say you're waiting for the lucky breakLife's for living
Better use your sense
Use what you've got
From coincidence, oh, hear me nowSooner or later you're gonna have to stand up tall
Sooner or later when your backs against that wall
Sooner or later you'll have to be the one you are
Or you just might find that you're out of time and it's just too lateOh, hear me now, baby
