Another Race

Eiffel 65

(chorus)
its another race from outer space
its another race a length away
its another race from outer space
its another race away
(repeatx2)
(verse 1)
its another race its another race
they seem to walk on air
and they act real strange
they live around us but you can't recognize them
we can't communicate with there one way brain no matter how you try
you just can't understand them
(chorus)
its another race from outer space
its another race a length away
its another race from outer space
its another race away
(repeatX2)

(verse 2)
they seem to walk on air
and they act real strange
they live around us but you can't recognize them
we can't communicate with there one way brain no matter how you try you just
can't understand them
(chorus)
its another race from outer space
its another race a length away
its another race from outer space
its another race away
(repeatX2)
(bridge)
and they think they've got it made and they're right, but they're wrong
yet they try to use our words but it's a lie
(chorus)
its another race from outer space
its another race a length away
its another race from outer space

its another race away
(repeat x2)
