Rock and a Hard Place

Crazy Lixx

Hey, we're back tonight
We've been down this road so many times
The streets ain't always paid with goldGotta' give it one more try and walk that extra mile
'Cause it's on tonight, do it right or you can get back in lineI wanna feel your thunder, gonna lay it down
Don't wanna live in silence
And with the curtain fallin' you will no it's right
No stoppin' now. Shout It OutCaught between a rock and a hard place
Stuck in the rat race
Is this what it's like livin' free I get no sense of liberty
Rock and a hard place
It's time to break awayAnother night, stuck in the middle
Headed for the frontline little by little
It's time to lay it out on the lineGonna' keep my love alive I'll give it one more try
'Cause it's on tonight, do it right
Our you can get back in lineI wanna feel your thunder, gonna lay it down
Don't wanna live in silence
And with the curtain fallin' you will no it's right
No stoppin' now. Shout It OutCaught between a rock and a hard place
Stuck in the rat race
Is this what it's like livin' free I get no sense of liberty
Rock and a hard place
It's time to break away
