

# That Shit Ain't Gonna Work

## Timbaland & Magoo

Didn't I tell you 'fore I left here  
Don't fool no guitar  
And the shit be just tearin' me up  
Come on, come on  
You 'bout to witness here  
A little chip on my shoulder  
Tim and Maganoo, let me tell you  
Everyone know I'm a beast  
When it comes to these beats you can copy me but  
(Nigga, that shit ain't gonna work)  
You can sample my drum kicks and my snare  
Make yo beat and it compares  
(Nigga, that shit ain't gonna work)  
You can borrow my MP  
Even hire Jimmy D to engineer for you  
(Nigga, that shit ain't gonna work)  
You can get to CD to Bill  
If you get any kinda deal still  
(Nigga, that shit ain't gonna work)  
I been makin' that fire  
Before some of you was alive, check the archive  
(Nigga, that shit ain't gonna work)  
Forget it if I did a beat  
And let it come out with your name on the credits  
(Nigga, that shit ain't gonna work)  
I'm proper, nobody can stop  
A nigga pull yo gun and pop a nigga, I promise  
(Nigga, that shit ain't gonna work)  
If you get a famous feature on your song  
Ain't nobody gone sing along  
(Nigga, that shit ain't gonna work)  
Before y'all suckaz count me out  
Before y'all suckaz count me out  
Nigga, I'm a problem and still can't be figured out  
Before you come out your mouth  
Before you come out your mouth  
Nigga, I'm a problem  
Now let me shoot you some game  
Don't be tryna use my name to get you some fame

(Nigga, that shit ain't gonna work)  
Get you two or three platinum chains  
Big body Benz on thangs ain't gon' be the same  
(Nigga, that shit ain't gonna work)  
I'm tired of folks takin' me for a joke  
I'm 'bout to get my duct tape and my rope  
Don't be surprised if somebody get choked  
I'm a problem I told you before  
I just couldn't hold it no more, now you know  
(Nigga, that shit ain't gonna work)  
Keep on playin' them games  
We gon' start sprayin' them thangs  
We ain't comin' to complain, somebody gone get hurt  
I shouldn't have to say it again  
But I will case you couldn't comprehend  
(Nigga, that shit ain't gonna work)  
I hate to repeat myself, you look like you need a lil' help  
But even when you get it  
(Nigga, that shit ain't gonna work)  
You can holla and kick up dirt  
Get crunk and pull off your shirt, you don't scare me  
(Nigga, that shit ain't gonna work)  
Before y'all suckaz count me out  
Before y'all suckaz count me out  
Nigga, I'm a problem and still can't be figured out  
Before you come out your mouth  
Before you come out your mouth  
Nigga, I'm a problem  
You can pay a hooker money  
Put a gun to her head for the pussy but  
(Nigga, that shit ain't gonna work)  
You can take a time machine to my past  
Kill my mom before my birth  
(Nigga, that shit ain't gonna work)  
If you know I'm finna kill you  
Get the FBI for protection  
(Nigga, that shit ain't gonna work)  
Get a face job, that'll make you look like me  
But you can't write like me  
(Nigga, that shit ain't gonna work)  
Get an application for a job  
Payin' you to breathe, you best believe  
(Nigga, that shit ain't gonna work)  
Get a white wife, join a country club  
Let Fuzzy call you nigga, nigga

(Nigga, that shit ain't gonna work)  
Good face, get Mase to baptize you  
I don't sympathize with you  
(Nigga, that shit ain't gonna work)  
Put a gun to my head, pull the trigger  
My last words is, ?Fuck you, nigga?  
(Nigga, that shit ain't gonna work)  
Before y'all suckaz count me out  
Before y'all suckaz count me out  
Nigga, I'm a problem and still can't be figured out  
Before you come out your mouth  
Before you come out your mouth  
Nigga, I'm a problem
