Earthly Love

Gorguts

Flesh the feeble flesh confines the pain and soul
Vault in which, the earthly way, i bear
Earth Love my denial
Tears as a gift upon my mirror
Bright...the pureness of the unperpetual
The meaningless heat of flesh, I ignore
Reflection of betrayal
Fear as a gift, a creeping splendourFlows of ecstasies within the succubus
The carnal healings of the soul
Earthly form of illusion
Flesh, my desires a living radiance
Must of ecstasies the mankind's incubus
The carnal addictions of the soul
Concrete form of sorrow
Impure malignant indignationIn my dreams, earthly love seems so bright
I my nights, earthly love I deny
Earthly love...carnal bliss
Which I'll have inside of me until my end.[repeat 1st verse]
