

# Sick Of You

Lou Reed

I was up in the mornin' with the TV blarin'  
Brush my teeth, sittin' watchin' the news  
All the beaches were closed  
The ocean was a Red Sea  
But there was no one there to part in two  
There was no fresh salad  
'Cause there's hypos in the cabbage  
Staten Island disappeared at noon  
And they say the Midwest is in great distress  
And NASA blew up the moon  
The ozone layer has no ozone anymore  
And you're gonna leave me for the guy next door  
I'm sick of you  
I'm sick of you  
They arrested the Mayor for an illegal favor  
Sold the Empire State to Japan  
And Oliver North married William Secord  
And gave birth to a little Tehran  
And the Ayatollah bought a nuclear warship  
If he dies he wants to go out in style  
And there's nothin' to eat  
That don't carry of the stink  
Of some human waste dumped in the Nile  
We one thing is certainly true  
No one here knows what to do  
And I'm sick of you  
I'm sick of you  
The radio said, "There were 400 dead  
In some small town in Arkansas"  
Some whacked out trucker  
Drove into a nuclear reactor  
Killed everybody he saw  
Now he's on Morton Downey  
And he's glowin' and shinin'  
Doctors say this is a medical advance  
They say the bad makes the good  
And there's somethin' to be learned  
In every human experience  
Well I know one thing that really is true

This here's a zoo and the keeper ain't you  
And I'm sick of it  
I'm sick of you  
They ordained the trumps  
And then he got the mumps  
And died bein' treated at Mt. Sinai  
And my best friend Bill  
Died from a poison pill  
Some wired doctor prescribed for stress  
My arms and legs are shrunk  
The food all has lumps  
They discovered some animal  
No one's ever seen  
It was an inside trader  
Eating a rubber tire  
After runnin' over Rudy Giuliani  
They say the President's dead  
No one can find his head  
It's been missin' now for weeks  
But no one noticed it  
He had seemed so fit  
And I'm sick of it  
I'm sick of you  
I'm so sick of you  
Bye, bye, bye  
Bye, bye, bye
