

Changed My Mind

Tove Styrke

I'm not the one to tell you that you're not the one
Just throw it out and take it back
Could be the drinks or history
But either way you get to me, I give you that
Got me up and down, (.....)
I said I wouldn't try another time, but I'm down right now
Feel the opposite about you
Didn't think I'd ever do, but I want you to Ooh, pull me closer
And I changed my mind
Ooh, it ain't over
And I changed my mind
I wasn't really sure about us
But now I'm pretty sure about us
Ooh, pull me closer
'Cause I changed my mind
And I changed my mind
I changed my mind There's nothing wrong with hanging out and catching up
But I know when you're next to me
I'm gonna fight myself and lose myself and find myself
Yeah, you have that effect on me Got me up and down, (.....)
I said I'd never let myself rewind, but I'm down right now
Feel the opposite about you
Didn't think I'd ever do, but I want you to
Ooh, pull me closer
And I changed my mind
Ooh, it ain't over
And I changed my mind
I wasn't really sure about us
But now I'm pretty sure about us
Ooh, pull me closer
'Cause I changed my mind
And I changed my mind
I changed my mind I said I wouldn't let myself rewind but I
I just needed to try another time 'cause I
I changed my mind
Ooh, pull me closer, yeah
Ooh, it ain't over Ooh, pull me closer
And I changed my mind
Ooh, it ain't over

And I changed my mind Pull me closer

I changed my mind

I changed my mind
