

# Multiply

Jamie Lidell

Well showing as it used to be  
so hard  
this hard  
I used to get those kicks for free  
But now im towing the line  
OoooThis aint no way to be  
Stuck between my shadow and me  
Could it been the sun don?t shine  
But ill tell you that im doing fineI Sometimes i don?t go beating myself  
beating myself up  
Gonna take a trip and multiply  
Please go under with a smileShowin? how it used to be  
real trouble  
so much trouble  
but love is just a shackle I see  
coming out of my mind ooh...this aint no way to be  
just stuck between my shadow and me  
the sun?s going down  
it?s getting dark in here  
still folks see:  
i got nothing to fearChorusPeople on the street  
There are many many  
People on the moon the?re aint any any  
Shame... yeah ...ooh  
Running down the same old cold  
Taking it down cause i no congoneIm so tired(x13)  
SoooooooIm so tired over beating myself  
beating myself up  
wanna take a trip and multiply  
please go under with a smile
