Callgirls

sElf

Forgetful girls, with no thoughts put into action
The world's your distraction while you're asleep
At the wheelForgetful girl, you've become a mother
Surroundings tend to suffer when the fiction
Is realI can't lie, I'm unable to pretend
I'm unable to defend your actions
I can't lie, I'm unable to pretend
I'm unable to defend your actionsPsychic girl, where's my happy ending
Your methods patent pending
So what, can't I smile?Psychic girl, caught between the rails
Your heart's still not in it
At three dollars a minuteI can't lie, I'm unable to pretend
I'm unable to defend your actions
I can't lie, I'm unable to pretend
I'm unable to defend your actionsLovetalk girl, I'll pin up your photo
And direct my video like I was 'Aerosmith'
Lovetalk girl, to further waste my tissue and time
I'll remain on the line 'till you get off with meI can't lie, I'm unable to pretend
I'm unable to defend your actions
I can't lie, I'm unable to pretend
I'm unable to defend your actions
