## sElf

Forgetful girls, with no thoughts put into action  
The world's your distraction while you're asleep  
At the wheelForgetful girl, you've become a mother  
Surroundings tend to suffer when the fiction  
Is realI can't lie, I'm unable to pretend  
I'm unable to defend your actions  
I can't lie, I'm unable to pretend  
I'm unable to defend your actionsPsychic girl, where's my happy ending  
Your methods patent pending  
So what, can't I smile?Psychic girl, caught between the rails  
Your heart's still not in it  
At three dollars a minuteI can't lie, I'm unable to pretend  
I'm unable to defend your actions  
I can't lie, I'm unable to pretend  
I'm unable to defend your actionsLovetalk girl, I'll pin up your photo  
And direct my video like I was 'Aerosmith'  
Lovetalk girl, to further waste my tissue and time  
I'll remain on the line 'till you get off with meI can't lie, I'm unable to pretend  
I'm unable to defend your actions  
I can't lie, I'm unable to pretend  
I'm unable to defend your actions
