

# Sweet Life

## Dokken

Take me along to a place I remember  
Where all of my friends - now they're gone forever  
How they love the sweet life I'm destined to run with the holy  
I must wait  
Dying inside ever slowly  
I'll be on my way I saw the flame of the candle burning down so low  
I danced with my friends 'til they had to go  
My spirit stayed - give me no relief  
My spirit stayed - gave me no release  
How they loved the sweet life I'm destined to run with the holy  
I must wait  
Dying inside ever slowly  
I'll be on my way Sitting alone in a darkened room  
Trail of smoke and worn out mind  
Mister depression overstayed his welcome  
Something inside took me away Take me along to a place I remember  
All of my friends - thought I knew them better  
How they loved the sweet life
