Afraid

J Moss

chorus
Iâ€™m not gonna be afraid no more
Fear donâ€™t live here no more
Not gonna be afraid no more
Pain just walked out that door
That spirit aint here with me
God didnâ€™t put that in me
Let the spirit of power and love
and a sound mind, sound mind

VERSE
Waking up everyday thinking what Iâ€™m gonna pay
With the money I made
Thinking what Iâ€™m gonna say when the wife ask me
Where the money we saved
Using loot from the gas bill to pay the rent
More loot from the light bill I spent
donâ€™t wanna get the phone cause it just keep ringing, ringing

A lot of things thru the mail got me thinking I can
Make it if I use more debt
Get a refi on the crib with the loan man keep saying not yet
I Rob Pete to make a deal with Paul
Praying that pink slip donâ€™t fall
Brother aint got time too much on the grind
Iâ€™mma let it go, trust God, let em know!!

Chorus

Seems like everyday something worse popping up
on the news report
Should I keep the kids home from school should I
Stay away from the Airport

Using fear as a weapon to evoke hate
Everybody think the world aint a safe place
donâ€™t wanna use the phone cause it might be
Ssshh! Somebodyâ€™s listening

A lot of views got me all confused and I really
donâ€™t know what to think
We got; conservatives, liberals, activists, spirituals
Hypocrites on the brink
One nationâ€™s deadly call
Results in another nationâ€™s fall
People aint got time, too much on the grind,
We gone let it go, trust God, let em know!!

Chorus

Ads up thru the roof and I just bought a hummer
and vertible coupe,
Tryna keep a little juice in the boost in the trunk but
My lootâ€™s in use
Jamâ€™s working overtime keeping hope alive
keeping Moss in the ministry and public eye
But have you thought if that would happen if the phone
Stops ringing, ringing

adlibs:
Iâ€™t my belief, Iâ€™ts my belief
Not losing sleep

Racism, terrorism, oh

aint got time too much on the grind
Iâ€™mma let it go, trust God, let em know!!
