Unwind

Oleander

Evolution's overwhelming
Check your head, this train is wrecking
In time, unwindEveryone just take it easy
I don't like the way you're looking at me
Unkind
Unwind, unwind, unwindAnd if you can spare the time
Then it's time to break awayEvolution's overrated
Check your head, this train is wrecking
Everyone just take it easy
'Cause I don't like the way you're looking at me
At me
Unwind, unwindAnd if you can spare the time
Then it's time to break away
And if you would break away
Could you feel it giving way?
Unwind, unwind, unwind
Unwind
