Mtc

S3RL

Gotta gotta go now
Gotta keep a date
Be at the corner
Mistake to be late
Half block away now
Bus is at the light
Driver's grinning madly
It's a run for your life

MTC, MTC
You did it again, you did it to me
Getting on the bus now
Throw away your change
Don't forget your transfer
Driver's acting strange
Bus is really crowded
Can't find a seat
Going real fast
Gonna crash in the street

Picking up the pieces
In a fight that never ends
Getting away this time
I know we'll meet again
