Didn't I

James Wesley

If regrets were like raindrops
There'd be a river running through this house
If our love was like a circus
I'd be the sad-faced clown
Walking with my head down
Wondering where you are now

[Chorus]
Didn't I wrap my arms around you
Stare in your eyes and swear I loved you
Didn't I, baby didn't I
Give you everything you ever wanted
Love you like crazy let's be honest
Didn't I, baby didn't I
Didn't I

I thought we were like a stone wall
Solid all the way around
I never knew you'd be the wrecking ball
To bring us tumbling down
Till I woke up that Friday morning
To find you gone, you were gone

[Chorus]

Didn't I wrap my arms around you
Stare in your eyes and swear I loved you
Oh baby didn't I
Give you everything you ever wanted
Love you like crazy, let's be honest
Didn't I, baby didn't I
Didn't I, baby didn't I
Oh baby didn't I
