

You Deserve More Than a Maybe

St. Christopher

And the time I have wasted
Even though now I swear
I could never treat you wrong,
I could never treat you wrong

I could never let you down againFor the day will be waiting

I will know to be there
As they say that if you were
Try to keep her standing still

Then you only have yourself to blameIf you care, as you may do

I will know to be there
I could never treat you wrong
I could never treat you wrong

I could never let you down again, again, again, againYou deserve more than,
Deserve more than a maybe

A maybe
You deserve more than,
Deserve more than a maybe
A maybe
A maybe
