Let's Lovedance Tonight (Re-Recorded)

Gary's Gang

Love dancing!!!...I've been calling for your
It's been long over due
Now I am following through
'Til we dance the night togetherIt just seems to me
that we will always be
so right for each other
can't live with no otherIt's been a long time since you told me
that you really really really love me so...So come on babe
I'll do anything you say.
We could make love
as we dance the night away.Let's love dance tonight
Loving is forever
Let's love dance tonight
Love dancing together.No one else that I knew
could have compared to you
Now I am feeling so blue
'cause I am living here without you.
Deep down inside
You know you just can't hide
those feelings you have for me
why can't we spend the night together...Love Love Dance....
Love Love Dance....'Cause just one kiss
and we'll be on our way
We'll be love dancing so far away.Let's love dance tonight
(You will love dance...)
Loving is forever
Let's love dance tonight
(You will love dance with me)
Love dancing together.Loving is forever
Oh, oh oh, oh oh!
Love dancing togetherYou will love dance...
You will love dance...
You will love dance with me!!!Let's love dance tonight
(You will love dance...)
