I HATE CALIFORNIA

TheLastRoyals

She's probably in a Bentley
Showin' off her new fake boobies
Tryin' to break into the movies
With some producer who seduced her
With some sushi and cologne
She's probably down on Sunset
Doin' all the things that she ain't done yet
With some actor she calls Hector
Man, I wish she'd meet Phil Spector
And he'd ask to take her home
She's lovin' California, she loves the beach
She loves the party everyday
