

The Kick Inside of Me

Simple Minds

You put the storm out, that's up in my head
You put the call out
Beside of me, kick up inside of me And you steal the world and live to survive
And shake out the ghosts and then you turn around
In spite of me, kick up inside of me One for the first time, two for the last time
Three for the thrill and four for the last time
As far as I can see, you're gonna
Move deep, deeper, deep inside of me Kick away my life, kick away
You put the fear in me, kick away, kick away
As far as I can see you move deep, deep, deep inside of me
Take me away Take me away up to another day
Open up the way, lead away
In the pouring rain, in the pouring rain You put the storm out, that's up in my head
You put the call out
Beside of me, kick up inside of me And we steal the world and live to survive
Shake out the ghosts and turn around
In spite of me, shake up the ghosts inside of me And one for the first time, two for the last time
Three for the thrill and four for the last time
As far as I can see, you're gonna
Move deep, deeper, deep inside of me Take me away, until another day
Take me away, kick away
As far as I can see you put the fear inside of me Kick away
You kick away Until another day
Take me away
As far as I can see, you put the fear inside of me And when you take me away, until another day
As far as I can see, [Incomprehensible]
