

# Soon Forward

## Gregory Isaacs

Soon forward, come turn me on  
You told me that you soon forward, come turn me on, now  
    Turn your lamps down low, now  
So we ain't gonna linger no moreIn a time like this  
    I know the feeling is so hard to resist  
    So turn me on, turn me on, now  
So turn me on, turn me on, nowDon't you stay too long  
    Slow right down, I'm coming on strong  
    Please don't let me wait  
    'Cause tonight is the night for our date, yeah  
    So turn me on, turn me on, now  
So turn me on, turn me on, nowTurn your lamps down low, now  
    So we ain't gonna linger no more  
    In a time like this  
    I know the feeling is so hard to resist  
    So turn me on, turn me on, now  
    So turn me on, turn me on, now
