

Sick Or Sane (Fifty For A Twenty)

Senses Fail

Take me to a hotel room
And tie me to the bed on my mistakes
Kiss me like I paid for this
Please don't stop 'til you take all my faith And the white coats just don't get it
I'm a genius with a headache
And the white coats just don't get it
I'm a genius with a headache Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I feel a little sick I'm sorry I forgot your name
But this is the first time I've played this game
I know I made a big mistake
I'm paying you to suck out all my faith And the white coats just don't get it
I'm a genius with a headache
And the white coats just don't get it
I'm a genius with a headache Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I feel a little sick She's grace, come and get some of this
She's grace, come and get some of this
She's grace, come and get some of this
She's grace, come and get some of this And the white coats just don't get it
I'm a genius with a headache
And the white coats, they just don't get it
I'm a genius with a headache Am I a little sick or a little sane?
Am I a little sick or a little sane?
Am I a little sick or a little sane?
'Cause I feel a little sick She's grace
She's grace
She's grace
She's grace
