Summer Cold

CC Ivory

Take a breath
And ill give it to you
Knowing that its my last
Parting giftShe wanted to move like the wind blows
Shes calling to me I cant say no
Sunshine did your shadow notice me
falling behind the kite
Oh they looked on jealouslyDrowning in you
Lost in your memory
Caught in a gale
Blown out to sea
Counting on you
hoping I survive
way too long
to close my eyes
now.Im hearing her sing
When the wind blows
Shes calling to me I cant say noYour smile
Oh it weakens my knees
So hold me a while
And ill go
QuietlyDrowning in you
Lost in your memory
Caught in a gale
Blown out to sea
Counting on you
Hoping I survive
Way too long
To close my eyes
Now.
