

# How Does It Make You Feel?

## Air

I am feeling very warm right now, please don't disappear  
I am spacing out with you  
You are the most beautiful entity that I've ever dreamed of  
At night I will protect you in your dreams I will be your angel  
You worry so much about not having enough time together  
It makes no difference to me, I would be happy with just  
One minute in your arms Let's have an extended play together  
You're telling me that we live too far to love each other  
But our love can stretch further than you and I can see  
So how does this make you feel? How does it make you feel?  
How does it make you feel?  
How does it make you feel?  
How does it make you feel? Do you know that when you look at me  
It is a salvation  
I've been waiting for you for so long  
I can drive on that road forever I wish you could exist to live on my planet  
Well it's very hard for me  
To say these things in your presence  
So how does this make you feel? How does it make you feel?  
How does it make you feel?  
How does it make you feel?  
How does it make you feel? How does it make you feel?  
How does it make you feel?  
How does it make you feel?  
How does it make you feel? So how does this make you feel?  
Well, I really think you should quit smoking
