

I Left Love

Ratham Stone

Verse

I know that, it's gone so fast
Honey but I leave to stay
For some months now, until I find out
Which road I'm bound to take
And I'm sorry, for again leaving
How I brought on so much pain
I'm not expecting, you feel lonely
As I wake for states away

Pre chorus

Don't over look the words they speak
They were right, they will lie
And it's all about me

Chorus

I packed my truck with all my shit
Can't believe I'm doing this
All the things I'm gonna miss
All because my selfishness
And I'm gone before you blink your eyes
Halfway home I realized
I left love, I left love behind

Verse

Will I come back? Will I come back?
And you wonder what I'd say
I'd say hell yes, I'd say fuck yea
But the words are far away

Pre chorus

Don't over look the words they speak
They were right, they will lie
And it's all about me

Chorus

I packed my truck with all my shit
Can't believe I'm doing this
All the things I'm gonna miss
All because my selfishness

And Iâ€™m gone before you blink your eyes
Halfway home I realized
I left love, I left love behind

Bridge

Tell me that you need me, Iâ€™m innocently greedy
Tides of crashing sin, with walls are caving in
The last of flights departed, Iâ€™m standing where I started
The river spoke the truth when it told me not to leave you
Told me not to leave you

Chorus

I packed my truck with all my shit
Canâ€™t believe Iâ€™m doing this
All the things Iâ€™m gonna miss
All because my selfishness
And Iâ€™m gone before you blink your eyes
Halfway home I realized
I left love, I left love behind
