Restless (feat. Alex Mills)

Hot Since 82

We've been over, down before, but still we pulled it back
And nothing's ever come between us, not like this has
No, our love hasn't spoken for so long
And my head's telling my soul to move on
But I've resigned myself to being the one for you
So I just can't let go, I'd...

Rather be restless
Oh baby, I don't wanna leave

Back and forth and round in circles
Searching common ground
But love was not the problem
You know we're too proud
But oceans, rivers, thunderstorms I cried
Time will pass just like our foolish pride
But I can't walk away, God know I tried
I know, this thing will pass in time

I'd rather be restless
Do you feel me baby?
