

Beautiful One

[Jonny Lang](#)

I gave my word, I made a promise
And I'm gonna keep it till the end
What would I do, if I lost it
There's nothing better than what we have Somehow in my mind
Always knew I'd find my Beautiful one, Beautiful child, my everything
Beautiful one, Beautiful child SO much you give, so much to live for
And I want to give it all back to you
And if it means pouring my heart out
To show you I love you, then I will Beautiful one, Beautiful child, my everything
Beautiful one, Beautiful child To be the one to call you mine
To feel the way I do inside
You're so much more than I ever dreamed
This is forever I believe Beautiful one, Beautiful child, my everything
Beautiful one, Beautiful child
I know you're what I need
Beautiful one, Beautiful child
