Never Let Me Go

U2

Wow, after I jumped, it occured to me: life is perfect. Life is the best, full of magic and beauty, opportunity and television, and surprises, lots of surprises, yeah. And then there's the best stuff, of course, better than anything anyone ever made up 'cause it's real.You take a stranger by the hand
A man who doesn't understand his wildest dreams
You walk across the dirty sand
And offer him an ocean of what he's never seenMaybe I was blind
Or I, I might have closed my eyes
Maybe I was dumb
But what forgot to say
If you didn't know
Is never let me go
Never let me go
Never let me go
Never let me goYou run from love and don't believe
Unless it catches you by the heel
And even then, you struggle
From red island across the strand
Your footprints still there in the sand
Everything else washed away
