Stand Alone (Remix)

Iced Earth

Listen not to ones who preach
Those who feel you're a freak
Everything about you is wrong
You must be sick, you don't belongFather said, worry not what they say
Use your mind, your own free will
In a time when everyone follows
Ignorance can killThey only say what they want you to hear
Half-truths have been twisted to conceal your fate
In a world of spoon-fed emotion
Intelligence can saveStand alone
Hear what I say
Stand alone
You will seize the daySon, say what you mean, don't be afraid
Tell them how you feel, hear what I say
Be true to yourself and true to your own
Your spirit will crush the hearts of stoneStand alone
Hear what I say
Stand alone
It's a leap of faith
