

# Great Divide

## The Cardigans

There's a monster growing in our heads  
Raised up on the wicked things we've said  
A great divide between us now  
Something we should know

There's something to remember  
And something to forget  
As long as we remember  
There's something to regret

Something we should know  
There's a mountain higher than we knew  
It's high but such a bitter view  
A great divide between us now

Something we should know  
A great divide between us now  
On different sides of a great divide
