Cross the Line

Rite Hook

To the other side X4
Oh!
to the other..

It's like I'm standing in the middle of two mirrors,
the infinite image is too clear.
Provin' the truth here,
then I'm aiming for something more,
an I know that you feel it,
I feel like I'm on fire dying inside,
so try removing fear.
Let them all come at me,
and you won't touch me,
cause I'm on the other side.
Bitch you gonna copy me when I drop this,
but they know it's all a lie.

I can keep you in a lullabye,
trust me I don't lie,
no matter what they say,
you know I'm going to try-y.

These pieces fall together and fall apart,
daily ?
Praying for God to save you won't call the cops.
Maybe cause I'm coming after all of my haters, why?
Wait is this a mutha fucken game?
So stop playing,
that goes without saying.

Oh, I can be..
what I want..
if I try.
I wanna know the other side,
see.. with my eyes,
and i want to keep you in a lullabye, lullabye
I want to see the other side, wanna see the other side.
I think I know where we die,
I'll understand it all when I've crossed the line.

Ooooh,
I'll see you on the other side, see you on the other side
Ooooh,
I'll keep you in a lullabye
I-I-I

Serenaded you,
too many days,
and your way to choose
weighing you down when you're faded,
invading your every move,
made it through seven chambers,
and dangerous ways to lose.
Everything you ever had when you're famous,
so say you've paid your dues,
Won't lie,
hopefully your fire will go out,
...
...
...

That'll be my luck,
and fuck it.
Then I might as well go out,
with a bang and blow his brains,
all over the pavement at Walmart.
...
...
...
...

Oh, I can be..
what I want..
if I try.
I wanna know the other side,
see.. with my eyes,
and i want to keep you in a lullabye, lullabye
I want to see the other side, wanna see the other side.
I think I know where we die,
I'll understand it all when I've crossed the line.

Ooooh,
I'll see you on the other side, see you on the other side
Ooooh,

I'll keep you in a lullabye
I-I-I
