

I Am Alive

Burning Image

I am alive, and it's all because of your misfortune
You will not survive
But you'll have my full devotion Why, Wont, You, do what you need, to be among us
Try, Die, is that what you want?
It will be forever Make up your mind
Why can't you be like all the others?
That wasn't so bad, don't be sad now
Because I forgive you Why, Wont, You, do what you need to be among us
Try, Die, is that what you want
It will be forever
