

Black Lake (Viola Organista Version)

[Björk](#)

Our love was my womb but our bond has broken
My shield is gone, my protection is taken I am one wound, my pulsating body
Suffering be My heart is enormous lake, black with potion
I am blind, drowning in this ocean My soul torn apart, my spirit is broken
Into the fabric of all he has woven You fear my limitless emotions
I am bored of your apocalyptic obsessions Did I love you too much? Devotion bent me broken
So I remained, destroyed the icon I did it for love, I honored my feelings
You betrayed your own heart, corrupted that organ Family was always our sacred mutual mission
Which you abandoned You have nothing to give, your heart is hollow
I am drowned in sorrows No hope in sight, of ember
Reckoning eternal pain and horrors I am a glowing shining rocket
Returning home As I enter the atmosphere
I burn off layer by layer
