Long Time Comin'

Bering Strait

I got a word for you, try it on for size
I've been ready to say it for awhile
You know I'm not impulsive, it's not a change of heart
Just something way overdue, goodbyeIt's been a long time comin'
It's been a long time comin'
Yeah, we've grown so far apartYou shouldn't be surprised
Already passed the point of no return
Just gotta cross the t's, gotta dot the i's
And that will be the last bridge to burnIt's been a long time comin'
It's been a long time comin'
Oh, yeahIt's time that our lives go separate ways
It's time for our love to call it a dayAnd it's been a long time comin'
It's been a long, long time comin'
It's been a long time comin'
