

Shake Some Action (95 Mixdown - Original Speed)

Flamin' Groovies

I will find a way
To get to you some day.
Oh, but I, babe, I'm so afraid I'll fall, yeah.
Now can't you hear me call? Shake some action's what I need
To let me bust out at full speed.
I'm sure that's all you need
To make it all right. It's taken me so long
To get where I belong
Oh, but, oh, please don't send me back that way, yeah.
For I will make you pay. Shake some action's what I need
To let me bust out at full speed.
I'm sure that's all you need
To make it all right. If you don't dig what I say
Then I will go away.
And I won't come back this again. No.
'Cause I don't need a friend. Shake some action's what I need
To let me bust out at full speed.
I'm sure that's all you need
To make it all right.
