Take Warning

Operation Ivy

Stand by your friends, wrong or right
Can't call that justice when it's just a stupid excuse to fight.
Single out and attack the ones who got no defense.
You call that a new way of thinking, I call it regression to ignorance.
Take warning
There's a new generation coming
And we really got to stand up to them.
Nobody's got a thing against you
Unless you've got something to prove.
We don't need no set of standards,
We don't need no new set of rules.
Heard all that shit before
About stomping out any difference.
We say stand together!
(Not to fight just to exist)
Take warning
Intimidation coming
And we really gotta say no to them.
Enough is enough is enough!
We don't you just ease up!
I saw another beat down last night, take warning,
Who's the next to hit the ground tonight?
take warning.
