

Lowest (feat. Rich the Kid & OG Maco)

Gucci Mane

No place she will rather be
Then that sinner proud of me
Gucci Mane all from the street but I got ice all over me
Got my dog with me I swear my niggas got some dope for me
I kill that wolf just as your will
I think that they provoking me
Vella cush is smoking it, hundred mil make hopefully
You better close my dewing up on that kid I better open it
Push the line, don't pushing me
Killing niggas growing me
Helly niggas cooking and then serving, what you know of me
Some say I'm a genius with them some say I'm a poet
Some of niggas they wanna but get their ball can't chop
Half of this nigga they hit them all, that's preparing
I'm 'bout to something special with this shit
Try to dug the nigga shelfe The roll around the town is the price I get it lowest
Is a low down, dirty game but my niggas is the lowest
The roll is 'bout to do this cuz this money ain't yours
I'm beat that and make it but I guess this nigga don't know it
Round, round the lambo but I'll be in my car on lowest
And I like the way that she's dropping down with a friend got down on lowest
I'm counting money, I stand out, I'm hustling with my boys
It's around the town but don't steal good cuz mu price is the lowest In the drop town still gotta the po
Be in the cooper round and round
Nigga you will strafe me, all dramatic
Rich the Kid dog bitch, where is that?
Still zippering too much, matter of fact we going to wild
Team all beat from the cop, gigging on niggas from the block
Go blind if you looking this puzzle
Got so many hoers on my scadual
Bitch pull up fast, to many rocks on my [?]
I gotta pretty good price, is lowest
Fucking your bitch, I'm richer that you
You wanna check and I respect that
Young nigga you might put on the tag
Dirty yo hoer, can't drive no bitch in my rustle road
I gotta walking and ball, why is no dope here no more?
Niggas hating but it's fuck 'em, fuck 'em
Have passing hoers I don't wanna cover

Rich nigga came from the bottom
 Roll around with my [?]The roll around the town is the price I get it lowest
 Is a low down, dirty game but my niggas is the lowest
 The roll is Æbout to do this cuz this money ainÆt yours
 IÆm beat that and make it but I guess this nigga donÆt know it
 Round, round the lambo but IÆll be in my car on lowest
 And I like the way that sheÆs dropping down with a friend got down on lowest
 IÆm counting money, I stand out, IÆm hustling with my boys
 ItÆs around the town but donÆt steal good cuz mu price is the lowestWe was waiting here to take this
 Like also the music and now I run to you to make you my wife
 She look as sacks fill, how you grill with the [?]
 For ignorance, or for the counters bliss, get Æm out of here
 Now get your knock split
 For your wrap got fast lines
 Always came around the three ill
 Double team with double barrel, itÆs getting wiping
 Mamma sais she got a good hand, got a bright future and
 Cut the check bitch I know the flavor
 Dirty hand full of [?]
 Bitch you donÆt do real shit, laze shit free so it you hope with it
 Bitch IÆm chasing and deal it
 You try to stop and make the sinner hit you
 Spall sweat like a part of flipping
 Stay with partner in the middle pinching
 With this toasting lane got me throwing pictures
 IÆve been thinking money long as long as I rememberThe roll around the town is the price I get it lowest
 Is a low down, dirty game but my niggas is the lowest
 The roll is Æbout to do this cuz this money ainÆt yours
 IÆm beat that and make it but I guess this nigga donÆt know it
 Round, round the lambo but IÆll be in my car on lowest
 And I like the way that sheÆs dropping down with a friend got down on lowest
 IÆm counting money, I stand out, IÆm hustling with my boys
 ItÆs around the town but donÆt steal good cuz mu price is the lowest
