Lose Control (feat. Vein)

J Balvin

I know you feel
What I'm feeling 'cause it's in the air
I know you hear
What I'm hearing 'cause it stars in my ear
Goes to the mind stops at the soul
But it's up to you
To put up your hands and let it go
Here's a chance to lose controlHere's a chance to lose controlI know you feel
What I'm feeling 'cause it's in the air
I know you hear
What I'm hearing 'cause it stars in my ear
Goes to the mind stops at the soul
But it's up to you
To put up your hands and let it go
Here's a chance to lose controlHere's a chance to lose control
