

# A Little Bit of Christmas (feat. Kris Allen)

**Jim Brickman**

This year  
I'm gonna make sure  
I don't let a moment go by  
Where I don't tell the ones I love  
How much I love them  
This year  
I'm gonna let go  
Of the mess and the stress and the rush  
And pay more attention  
To the beautiful stuff  
Look all around  
Everywhere you look  
There's a little bit of Christmas  
There to be found  
Everywhere you look  
There's a little bit of Christmas  
Smiling faces, joyful sounds  
I believe it all year round  
We could use a little bit of Christmas  
We could use a little bit of Christmas  
This year  
I'm gonna pray  
For the ones who lost their way  
And remember, for the grace of God,  
Go I  
Each year  
From here on out  
I'm gonna to count my blessings  
And raise my voice to the heavens  
When choir sings  
Look all around  
Everywhere you look  
There's a little bit of Christmas  
There to be found  
Everywhere you look  
There's a little bit of Christmas  
Smiling faces, joyful sounds  
I believe it all year round  
We could use a little bit of Christmas  
We could use a little bit of Christmas  
Look all around  
Everywhere you look  
There's a little bit of Christmas

There to be found  
Everywhere you lookLook all around  
Everywhere you look  
There's a little bit of Christmas  
There to be found  
Everywhere you look  
There's a little bit of Christmas  
Smiling faces, joyful sounds  
I believe it all year round  
We could use a little bit of Christmas  
We could use a little bit of Christmas  
We could use a little bit of Christmas
