All Night Home

Sparklehorse

Shining motorcycle
Through the trees we rifle
We're gonna drive all night home
We're gonna drive all night homeDown to West Virginia
Like the blood within ya
We're gonna drive all night home
We're gonna drive all night homeShining motorcycle
All her worries stifled
We're gonna drive all night home
We're gonna drive all night homeThis ought to hold her now
This ought to hold her now
This ought to hold her now
This ought to hold her now
