

# All Night Home

## Sparklehorse

Shining motorcycle  
Through the trees we rifle  
We're gonna drive all night home  
We're gonna drive all night homeDown to West Virginia  
Like the blood within ya  
We're gonna drive all night home  
We're gonna drive all night homeShining motorcycle  
All her worries stifled  
We're gonna drive all night home  
We're gonna drive all night homeThis ought to hold her now  
This ought to hold her now  
This ought to hold her now  
This ought to hold her now
