Never Enough

Eternal Summers

Hold in every whisper
Only I can know
Don't be my dismisser
Lonely the days do grow
I miss you so
Shape a crooked pathway
into the way we should go
Never could I betray
The flood that has covered my soul
I miss you so
In the bleakest hour I'll see you through
All my sweetness showered over you
Holding every whisper
Only you can know
How will I resist you?
How will I let you go?
I miss you so
In my weakness power will be made true
In the bleakest hour I'll see you through
All my sweetness showered over you
When your mind is set I'll see you
When your mind is set I'll free you
It's never enough
