Singing With The King

GORADIO

Don't take another day away from me
'Cause I don't got many as it stands
Here on the rooftop screaming like the world stopped
Another cigarette for both of us, hold my hand
I'll take us both to the top of the world if I can
'Cause mama, it's okay
Tonight, I'm going to sing with Elvis
And we will sing a couple of songs
Just for your ears so sing along
And hey, if I go down in the quicksand
Don't grab my hand
Just play me as loud as you can
'Cause tonight I'm singing with
And daddy's sitting in the corner with Cash
When Mr. Moon picks up the beat
I hear the sound of someone warming the start
While they wait for me
And Freddie says that I can stay
That I don't have to be afraid this time
The angels filling up the place
And Carly's walking, she's the first in line
And it's okay

Tonight I'm going to sing with Elvis
And we will sing a couple of songs
Just for your ears so sing along
And hey, if I go down in the quicksand
Don't grab my hand
Just play me as loud as you can
'Cause tonight I'm singing with
Remember the days we thought we were golden
And that all these nights were ours
Remember my face, remember the rooftops
Do you remember the stage
When all of it's broken not to show your favorite scars?
A smile on your face, we'll count only our stars
And it's okay
Tonight I'm going to sing with Elvis
And we will sing a couple of songs

Just for your ears so sing along
And hey, if I go down in the quicksand
Don't grab my hand
Just play me as loud as you can
Tonight I'm singing with
