

Can U Help Me

Usher

Umm why, umm why Living on the edge out of control
And the world just won't let me slow down
But in my biggest picture was a photo of you and me
Girl you know, I tired provide all the material things, I work hard to I thought that would make you happy
I'm confuse, can you make me understand?
'Cause I tired to give you the best of me
I thought we were cool, maybe I was blind but never took time to see Can u help me? Tell me what you want
from me
Can u help me? Tell me why you want to leave
Baby help me, without you my whole world is falling apart
And I'm going crazy, life's a prison when you're in love alone (Oh girl)
I need you come back home
(You know, I need you)
I don't want to be alone Girl, I put your love up on the shelf
And I guess, I didn't have to go that
(And now we're not together)
'Cause I hurt you many times
And now you're not around I wish for every moment in time
That I wasted we used it to make sweet love
Baby be my guide please take my hand
Want you to know that I got you If you need it, I don't want to be on the outside looking in
I got to have you girl, can't you see it?
Will you help me?
Tell me what you want from me Can u help me? Tell me why you want to leave
Baby help me 'cause without you my whole world is falling apart
And with out I think, I'll go crazy
Life's a prison when you're in love alone (Oh girl)
I need you come back home
(You know I need you)
I don't want to be alone (Please stay don't go)
To give me another chance, I want to be your man
Girl, you got me down here on my knees
Crying, begging, pleading
I'll do anything for your love Would you help me? Tell me what you want from me
Can u help me? I don't understand
Girl, I just a man, help me, can help me
Without you my whole world is falling apart
And without you girl, I'm going crazy
Life's a prison without your love Can u help me? Tell me why, why, why, why, why, why

Can u help me? Girl, I'm here this time because your all I got
Can u help me? Help me understand why I can't be your man
It's driving me crazy, crazy, crazy, crazyCan u help me? Tell me why, why, why, why, why, why
Can u help me? Girl, I'm here this time because your all I got
Can u help me? Help me understand why I can't be your man
It's driving me crazy, crazy, crazy, crazyCan u help me? Tell me why, why, why, why, why, why
Can u help me? Girl, I'm here this time because your all I got
Can u help me? Help me understand why I can't be your man
It's driving me crazy, crazy, crazy, crazy
