

# Feeling Gravity's Pull

R.E.M.

I fell asleep and read just about every paragraph  
Read the scene where gravity is pulling me around  
Peel back the mountains peel back the sky  
Stomp gravity into the floor  
It's a Man Ray kind of sky  
Let me show you what I can do with it  
Time and distance are out of place here  
Step up, step up, step up the sky is open-armed  
When the light is mine, I felt gravity pull  
Somewhere near the end it said  
"You can't do this", I said "I can too"  
Shift sway rivers shift, oceans fall and mountains drift  
It's a Man Ray kind of sky  
Let me show you what I can do with it  
Step up, step up, step up the sky is open-armed  
When the light is mine, I felt gravity pull onto my eyes,  
Holding my head straight (looking down)  
This is the easiest task I've ever had to do  
I fell asleep and read just about every paragraph  
Read the scene where  
gravity is pulling me around  
Shift the swaying river's shift  
Oceans fall and mountains drift  
It's a Man Ray kind of sky  
Let me show you what I can do with it  
Time and distance are out of place here  
Step up, step up, step up the sky is open-armed  
When the light is mine, I felt gravity pull onto my eyes,  
Holding my head straight (looking down)  
This is the easiest task I've ever had to do  
Reason had harnessed the tame  
Holding the sky in their arms  
Gravity pulls me down
