Breathe Me In

Laura Welsh

Slow conversations keep drawing me in
I lose concentration
Don't know where I've been
I figured it out
I figured you outYou take control while I stop making sense
Claiming my soul for your lost innocence
I wanna get out
I can't get outSo will you let me know
How this became obsession
Will you let me go
After our confession
'Cause I know that we'll show the signs
This timeDim the lights let's begin
'Cause now the air is getting thin
Baby just breathe me in
Can't you just breathe me inI felt so stupid while you shut your eyes
Taking the leap in to faith and disguise
Are you coming around
You coming aroundSo will you let me know
How this became obsession
Will you let me go
After our confession
'Cause I know that we'll show the signs
This timeDim the lights let's begin
'Cause now the air is getting thin
Baby just breathe me in
Can't you just breathe me inDim the lights let's begin
'Cause now the air is getting thin
Baby just breathe me in
Can't you just breathe me inDim the lights let's begin
Well now the air is getting thin
Baby just breathe me in
Can't you just breathe me in
