I Like It

Far

I heard about your last words and I can't say
I'm sorry you really should've seen my face
For the first time in a long time I was really happyI like it
I understand
I like itFor the first of May
For the last days of autumn
For the summer in between
For the few weeks when you said I should feel lucky
Yeah, I'm lucky, yeahI like it
I understand
So what if you were all I hadFor the frostbite
For the cold nights
For the bleeding palms and knees
For the rattle blister crash you bring
For the stringy reddened crime you tried to
To bury me under
For forcing it down
For making me like itI like it
I understand
So what if you were all I hadI like it
I understand
So what if you were all I had
You were all I had
