

# Let Me Know

## After 7

People run around talking trash about  
Tryina out you down, but they don't know that I'm crazy  
Bout you  
They say that you're the type of girl  
That gets around, couple drinks and  
Baby, you put out well  
Maybe, maybe that's true  
Well, I don't hear what they'd be saying in them streets  
The only thing that matters to me Long as you let me know  
I don't care what they know  
As long as we talk about it  
Be about it, I know that we can work it out  
Nothing gonna come between us  
If you just let me know  
Oh oh ooh uuh  
Oh, baby baby baby  
Listen girl Baby, let them talk about it  
The way we used to hang around and do crazy  
Oh, you used to do  
They can tryina dig up all the dirt they want  
But baby I don't give a damn  
Because baby I know that ain't you  
Well, I don't hear what they'd be saying in them streets  
The only thing that matters to me Long as you let me know  
I don't care what they know  
As long as we talk about it  
Be about it, I know that we can work it out  
Nothing gonna come between us  
If you just let me know Long as we got love between us  
I don't care what they say about us  
Talk about it, be about it  
I know there's a way that we can work around it  
'Cause all that really matters is our love(x2)  
Long as you let me know  
I don't care what they know  
As long as we talk about it  
Be about it, I know that we can work it out  
Nothing gonna come between us

If you just let me know
