

Maybe (Dynamix NYC mix)

Toni Braxton

Is tonight the night that you take control of me
Tell me boy what's it really gonna be
Spending time for a while
Oh daddy come close
I'm straight up feeling your style
I love the way you make me feel
When you keep it real
When you're holding me
When you're spooning me
Oh you look sexy when you're touching me
When you're bumping me gently Sitting here waiting in my Vicky's
In the mirror imagining you're with me
Petit Cheri and I'm smelling real nice
and Jouet cold, chillin' on ice Coming over at a half past ten
And I'm wondering if I'm really gonna let him in
Give in
Give it up
Let it go
Or tell him no, or Should I give him some?
Maybe
Is this the night for fun?
Maybe Check it out So here it is, and he comes right in
And I fix us drinks
And I start to think
About what I'm gonna do
Will a brother be true
As he sizes my body up and down Can he beat the odds
Can he play it safe
Will he make me hot
Will he hit the spot that I love a lot
Will he leave me hanging, lonely, desperately Will he go and tell all his friends
That we did it and we did it again
Had me weak between the sheets
Will he say I was a real big freak Maybe I should slow it down
Cool off my flow, relax
And let him know that if this gets out
No more, no glove, no love
Oh no, or Should I give him some?
(I don't know)

Maybe
Is this the night for fun?
MaybeShould I just give him some?
Maybe
Is this the night for fun
MaybeMaybe
Pretty baby
Love me
Like a ladyShould I say yes or no
Should I just let it go
Should I slow down my roll
Let me think 'cause I really don't know
Don't know what to do about it babyIf I do will I regret it
Maybe I should just forget it
What about if he ain't got no dough
Tell me I should let him goMaybeShould I give him some
Pretty babyMaybe, Maybe.
