Have Fun

Club Soda

Back in 94' you were 16
And i lived next door to you
And we would stay out late, way after dark
All those bad things we'd doI just wanna have fun
I just wanna have fun
I just wanna have fun
I just wanna have funAnd now you're 20, i'm 21
And were drunk down by the lake
You found my cigarettes and you took three
They were meant to be for meI just wanna have fun
I just wanna have fun
I just wanna have fun
I just wanna have fun(Wooooooooo ooooooooh)I just wanna have fun
I just wanna have fun
I just wanna have fun
I just wanna have fun
