

Fallen Star (Instrumental)

Kamelot

You are my reason to stay
Even if daylight's a lifetime away
May the queens and the kings of the dawn
Remember my name
As dark as the fallen star
My song for the children unforgiven Sometimes the weight of the world's coming over me
A feeling I can't forget
Sometimes I find myself caught in the storm
And my futures a nightmare away
When I'm dreaming Sometimes I fear I am losing your sympathies
A liar demands respect
Sometimes I fear I am losing control
And feed on the absence of love Walking this world like.. Animals
And into the light we're fading You are my reason to stay
Even if daylight's a lifetime away
May the queens and the kings of the dawn
Remember my name
As dark as the fallen star
My song for the children unforgiven Sometimes I'm lost in the silence of empathy
A moment I can't reflect
Sometimes I feel I am losing control
And feed on the essence of hate Walking this world like.. Animals
And into the dark we're wading You are my reason to stay
Even if daylight's a lifetime away
May the queens and the kings of the dawn
Remember my name
As dark as the fallen star
My song for the children unforgiven Somewhere in time
A story seldom told
Somewhere in history
Our destiny behold In the dead of the night, I'm just a corpse
(Awoken the enemy sleeping inside)
In the eye of the storm, we're just the same You are my reason to stay
Even if daylight's a lifetime away
May the queens and the kings of the dawn
Remember my name
As dark as the fallen star
My song for the children unforgiven
My song for the lost

My song for the children unforgiven
